

#būnibox

QUICK START GUIDE

Prior to installation, uncrate, and make sure a power source is available for the Bunibox, iPad is charged, connected to Wifi, and has completed the new Apple Setup Process.

1

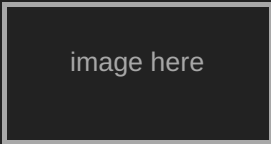

image here

Set the Bunibox on even ground. The Bunibox has wheels on the back and can be moved like a dolly, or large piece of luggage.

2

Install Bunibox from the App Store. If you haven't connected to Wifi now is a good time.

3

Login

Log Into Bunibox and watch How To Videos. Hit the question mark icon to watch the videos on setting up and managing events.

4

image here

Snap In the iPad into the Bunibox mount and apply power. Open the thumb screws open the iPad baffle. Power to the iPad, power to the Bunibox, and flip the power strip toggle.
